

Adlerian Society Year Book 2013

The **Editorial Board** has been fortunate to have twelve innovative Adlerians contributing to the Year Book in 2013, which is its **18th consecutive year of publication**. Whilst each of the ten papers has its own creative uniqueness of each author, there is a linking thread between all the articles that unites the universal needs of connection and belonging, as well as issues of cultural difference and diversity.

Read the Editors' introduction with details of the contents.

Forgotten Adlerians *by Harry Dowling*

When Time Is Out of Joint *by Manu Bazzano*
